There should be a proper plan to cover the entire syllabus before time and have a revision of full syllabus at least one time

Need in improvement in canteen infrastructure including tables, chairs and reading space in library is needed to be larger often library is found full whenever we visit and there is always shortage of books in book bank .Most of students are not able to get books . During distribution of books to merit based students no one stand in sequence; rush is created outside book bank. Sometimes there is shortage of water.

Fans should work properly

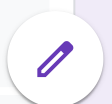

More focus on Cleanliness.

There must be more improvement that we can do

College website should be updated and active to provide necessary information.

Ratio of students taking all subject in english is low and higher ratio of taking hindi in all subject in high so teachers have to put same efforts on both type of students

Desk and benches must be cleaned on time , col drinking water should be available

Everything is just perfect in our college and toilets are dirty not because of poor work done by sweepers but because some girls do not cooperate to keep toilets clean ..they should be make aware by Some Awareness campaigns.

Washrooms and drinking water should be neat and clean

Books should be issued to the students at any time ...so that students can continue their studies. As some students don't have enough money to buy that book from market.

And college must have an complain box for students which must be checked every week and they must solve those problem. And i m
