### Course Contents

Teachers cover entire syllabus as prescribed by the University.

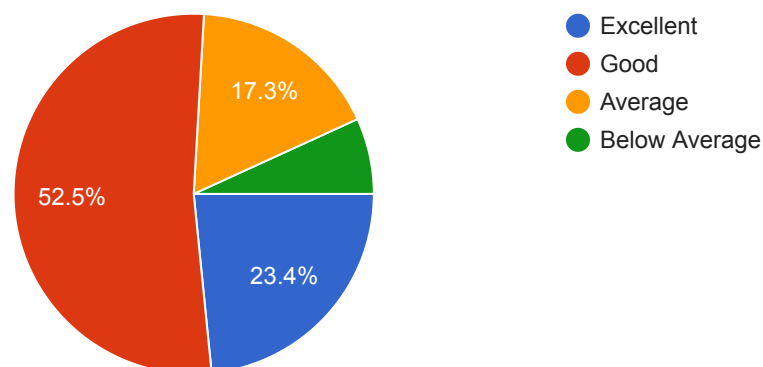

443 responses

Teachers cover relevant topics beyond syllabus.

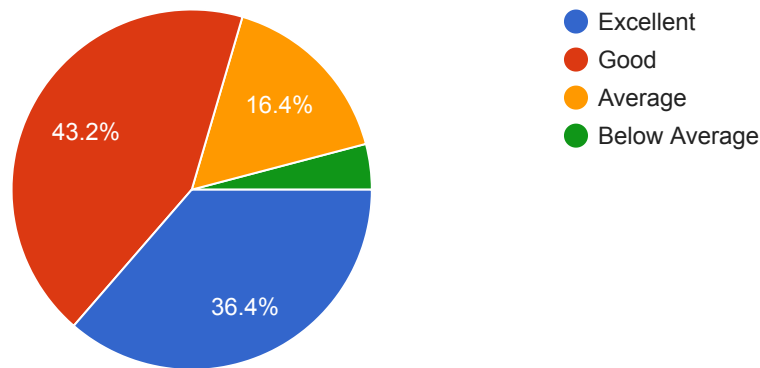

440 responses

Teachers process deep knowledge of the subjects taught.

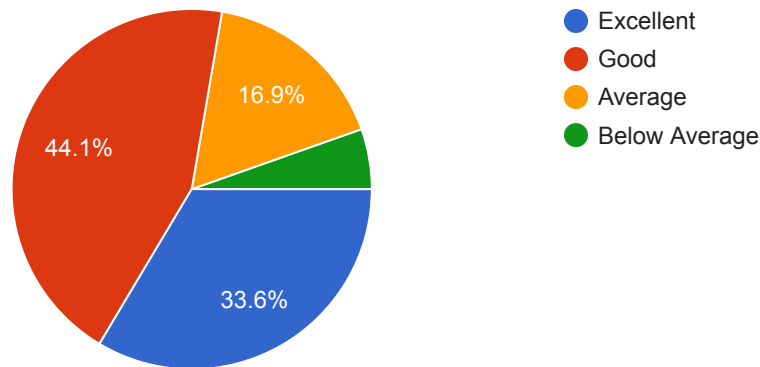

440 responses

Teachers inspire you by their knowledge of the subjects.

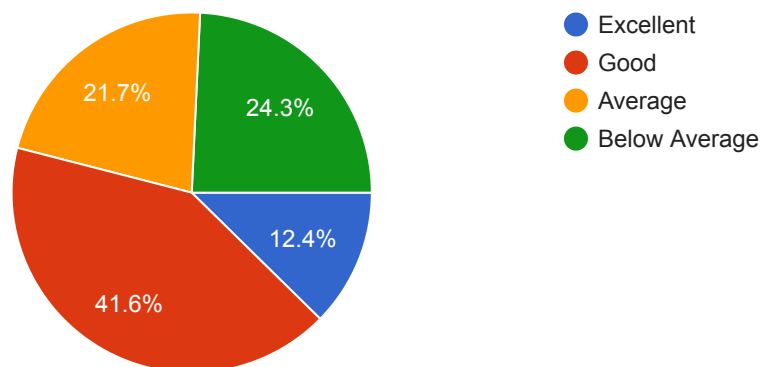

444 responses

Teacher use any audio-visual teaching aids while teaching.

437 responses

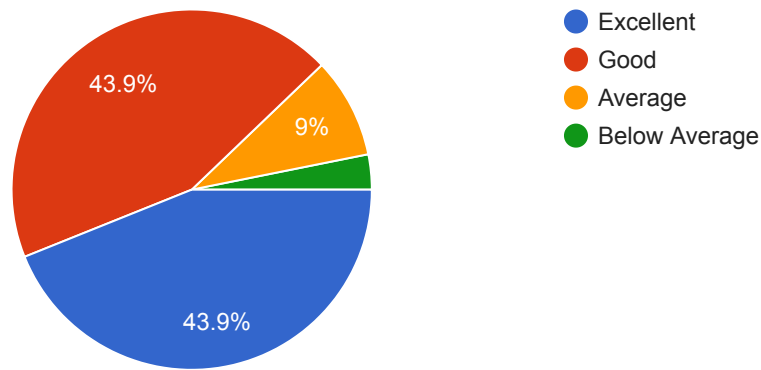

Teaching-Learning Process

## Are teachers punctual in the class?

 Copy

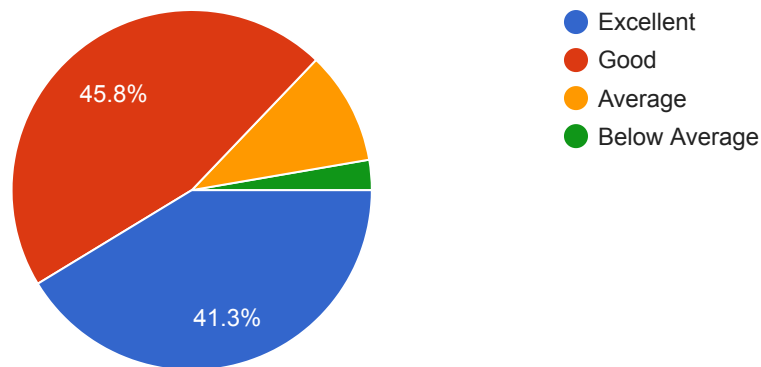

444 responses

## Teachers engage the class for the full duration and complete the course in time.

 Copy

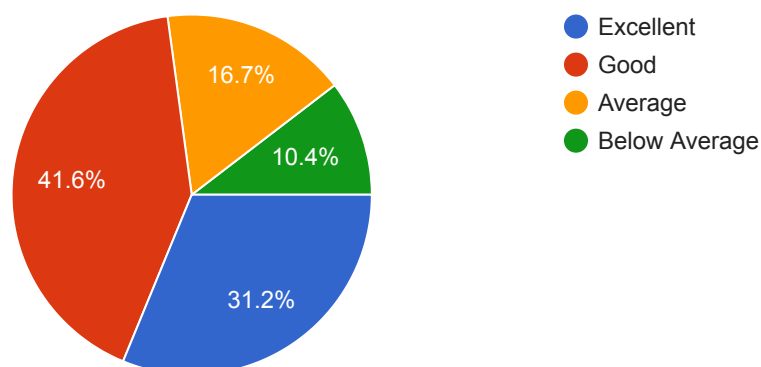

443 responses

## Teachers provide guidance as well as counselling in academic and non academic matters in/outside the class.

 Copy

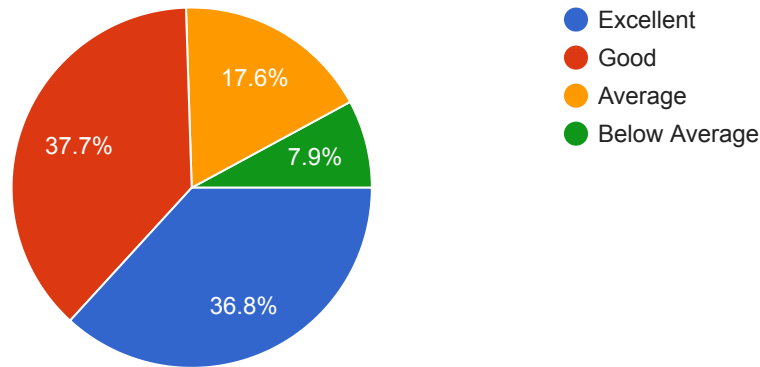

442 responses

Teachers encourage participation and discussion in class (teacher-student, student-student)

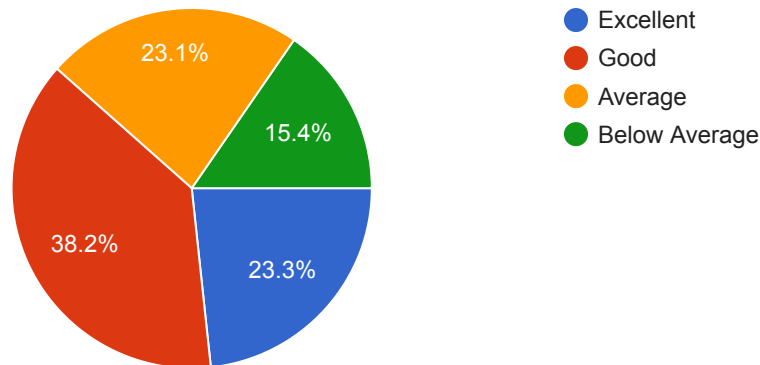

443 responses

Teachers pay attention to the academically weaker students as well

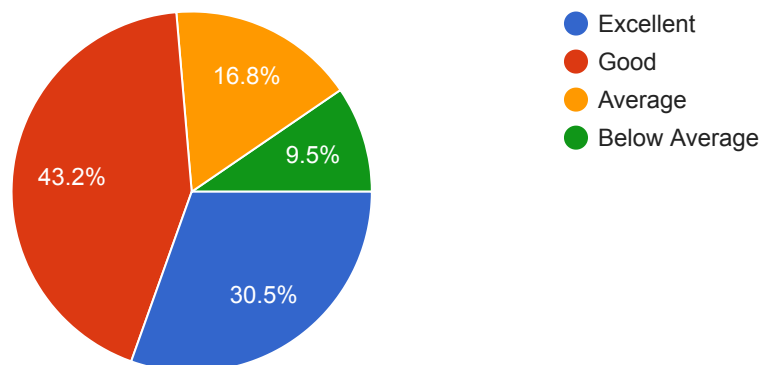

442 responses

Teacher relate the course material with real world situations.

440 responses

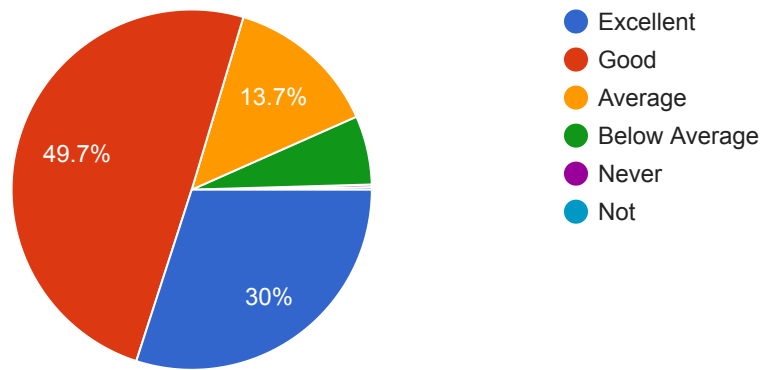

Evaluation Process

Periodic Assessments were conducted as per schedule.

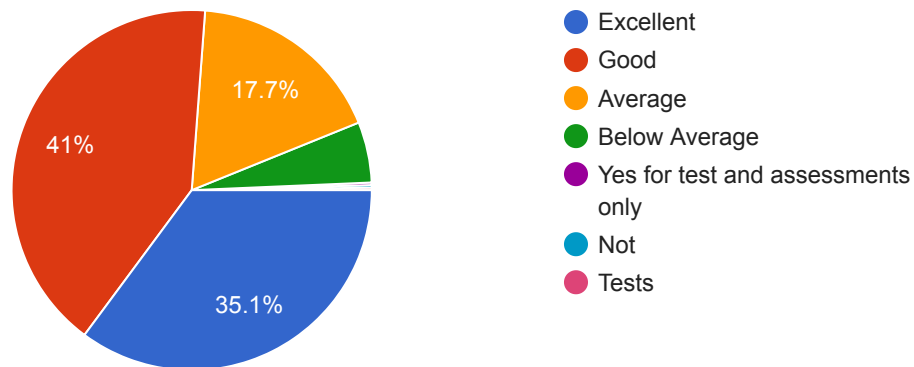

437 responses

Teachers use methods of evaluation like seminars, assessments, classroom presentations, tests etc.

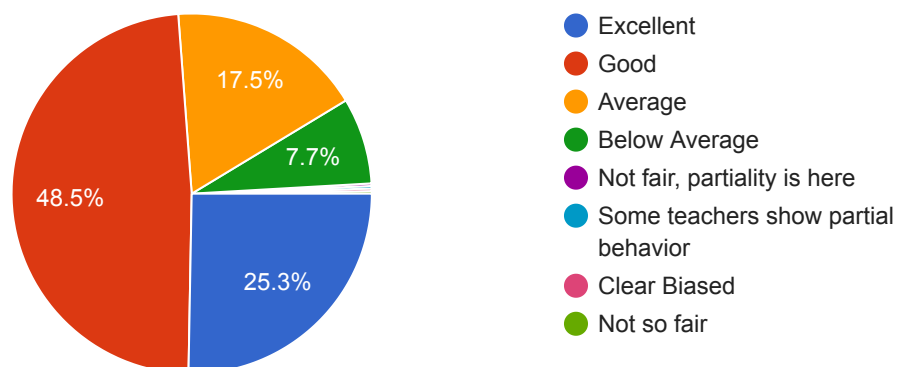

441 responses

Teachers were fair and unbiased in evaluation process

## Any other suggestion.

193 responses

No

no

Nope

Noo

Nothing

Infrastructure can be improved

Improve infrastructure

Yes

Improve Infrastructure of the college .

Provide water facility on time

Classes are not clean , less fans are there , some rooms are very small , much students in only one class, labs are dirty, no proper water , washroom are bad smelling , office staff deals harshly ,

Renovation, inter curriculum activities, refreshment tume in between d lectures,

Clean water cooler and toilets

For hostel

Cantin cleaning matter

Provide clean drinking water and maintain cleanliness in college and also seminars should be given by teachers so that student can enhance their knowledge efficiently

Clean classrooms and washrooms

Please focus on cleanliness

Teachers way of talking need be nice and properly shared notes to students and assessments marks given to students should be proper

Clean toilet properly

Please increase the library space and make a separate reading and studying ac room for students. Also canteen area can be increased.

Nothing

Nice and helpful staff 👍

Gud

Please repair bathrooms and classrooms

Improve your faculty

Library is not well air conditioned and also some in some labs computer and acs don't work at all

Average

College campus is very unhygienic as severe overflow and smell

Wifi is not provided but college charges fees of wifi

Walls should be painted .they are very dirty now

😊All respected teachers should good behavior with students and students also have good behavior or respected to all teachers 😊

Frankly i'm saying teachers are good but when its come to hygiene perdonally i'm not satisfied. Class benches always covered with dust, toilets have smell issue,water coolers doesn't clean on time, now suggestion is please look into this matter hygiene is must. Canteen staff is not doing their duties proprly and there's issue of fans in summer.. please look into this

1)Pay attention on cleanliness specially near the psychology lab. 2) In old building pay attentin on the floor and board. 3) college needs colourful and attractive look

Plz Be cooperative with student. Behave good with students. Good skills you all are having

Improve facilities in canteen,drinking water, chemicals,washrooms

1.)Pest control should be done regularly. 2.)The catalogue system should be replaced with a computer system in the library.3.)Novels, other than syllabus, should be available.

None

many improvements are needed

P

Canteen me kuch bhe acha khane ko nahi milta aur bhot costly milta h please do consider this

To clean water and class rooms

Provide clean drinking water. Proper sanitation facility should be provided

Ridiculous, arrogant,biased faculty. Close this institution

Some cultural events should happen... It's been a year here in campus not even a single event has happened...

Proper canteen, proper drinking and washroom facilities, proper books should be available in library, atleast there is proper cleaning of classrooms, we find them always dirty, teachers behavior is not good with students.. There should be moral classes also, skill development classes also, departmental activities should be done at time to time.. And so on

जी नहीं

More food options in canteen

Canteen incharge is very rude..

Bo

Continue with same dedication

Class rooms are so stinking

Good facility

Ambience should be more sober.

Class maintenance, toilet, water and needs extra curriculum activities

Improve hygiene of toilets and water quality also improve canteen food quality

Nope!

-

please take actions

Please 🙏 provide practical study.

Progress in Canteen and Want Hygiene In Toilets as Well..Toilets should Be Maintained ..Canteen Menu should be Change..Most Importantly Drinking Water Should be Clean & Safe

Required a kind staff

Periodic tests in classroom should be taken by each subject teacher

Na

Instead of making extra curricular activities a burden on students, and attendance being a threat, the students must be given bonus points for co curricular activities and more focus on assignment based scoring than only attendance being a big factor

My department teachers excellent

Requirements of more books according to syllabus,new edition,some helping books

Worse college in th world

Want clean classrooms and washroom for preventing from disease explore in those days

Room no.8 urgently need renovation As we attend most of the classes in that room.And benches are very uncomfortable to sit

Provide R.O water, aware about cleaning

Plzz clean the classrooms regularly

Need to improve the infrastructure of clg

Clean water and toilet clean

Need a dispensary and medical facilities should be available to to children

Light is a problem & canteen is very crowded

Need to make cleanliness in classrooms

So much improvement is needed

Cleanliness

Classrooms are not in a good condition. Please pay attention towards this. And electrical instruments are not working properly. Kindly check them regularly.

This clg is providing poor facilities

College infrastructure should be renovated,inter curriculum activities should be conducted, refreshment period should be given.

The outside garden needs to be cleaned, Needs to be organise different types of activities.

Staff should be helpful not rude and arrogant. Clg area should be cleaned properly especially toilets

More improvement

Classrooms should be cleaned properly. Staff should be polite,gentle and co-opetative with students . Main problem is way of talking of staff.

Canteen needs to add some healthy food items in their menu like fruits, shakes etc.

Poor quality of everything

No suggestions

No.

Toilet should be clean,

Water cooler facility water must be pure

Teachers should be more punctual and helpful to students .They should council the students about all of the carrier options related to the subjects. There are less availability of fans therefore students are not comfortable during class and they can't even concentrate on what they are learning. Strength of students in a classroom is very large and teacher can't focus on each student .One period for library should be added in timetable of students.

Please

No suggestions.

Yes, toilets can be cleaned properly and their doors are not in good condition and no soap or handwash is present near washrooms which should be there

Cleanliness should be first priority.

Peer company is not growth promoting but rather negative competition makes a bad environment to have good mindset. Classrooms are not cleaned enough and it's not done regularly. Teaching facilities can provide a bit more guidance to students but they are a little lacking ( i do not intend to be offensive).lab system are not in good condition to work in , the models are old .no out of syllabus knowledge provided. Less focus on practical knowledge but bookish knowledge. No serious action are taken after a student complain. Teachers teach in a good manner but there can be a lot improvement.

Washrooms are almost always dirty, also drinking water taps are near the washroom because of that girls wash their hands after coming from toilets on the drinking water tap instead of wash basins in washrooms

If student want to prepare for other examination..please co-operate with her! Because every child has their aim in life except college degree.but here the teachers force them regarding their short attendace .it's a humble request that teachers also help them to achieve their goals...in preparing govt. Exams child need to focus on it regularly ..but attending the college classes is totally unuseful for that child! Thanks

## **Student feedback 2021-2022 Session**

### **Problems and action taken**

Upon thorough analysis of the feedback reports of students, the common problems faced by maximum of students are as under:

Need to provide water facility on time, teachers should be more polite and nicely talking to students, increase in library space and separate reading and studying AC rooms for students, repairing of bathrooms and classrooms, unhygienic college campus as sewerage overflow and foul smell, classroom walls should be painted.

### **Action taken**

The above mentioned problems were discussed with the authorities and action has already been taken for improvising it. Clean water supply is properly checked, teachers are more approachable by students, bathrooms have been repaired and sewerage flow has been treated, rest of the problems is under action taken.
